US Army Corps of Engineers

FEMA

# USACE/FEMA RAP Workshop Objectives

- Establish status of key national/intergovernmental planning and preparedness initiatives/actions developed prior to and during the past year in terms of successes and shortfalls and evaluate progress. Desired End State: 2009 Readiness Snapshot
- Determine priorities for intergovernmental remedial actions required to build and/or enhance existing capabilities to respond to major disasters. Desired End State: Intergovernmental RAP Plan of Action.
- Determine where policy or doctrinal adjustments are required to improve federal readiness and mission execution. Desired End State: Framework for 2009 Senior Leaders' Seminar.
